SALE TO BE HELD AT ROCK VALLEY, IOWA

## Announcement

---

### Greeting to Our Fellow Breeders and Farmers:

We extend an invitation to all breeders and farmers and those wanting good cattle, to attend this sale. The offering will compare favorably with offerings sold by us in the past, both in breeding and individual merit. Cows not having calves at foot, and old enough to breed, will be bred to one of our herd bulls. The bulls are a useful, well-bred lot. There are no culls in this sale.

We believe every animal catalogued to be a breeder and guarantee same, with proper care, except heifers which have never been bred. All cows with calves at foot, or showing in calf, are considered breeders and no further guarantee will be given. Should any fail to breed, after proper trial, they may be returned to us if in as good condition as when sold, at purchaser's expense. Stock at owner's risk as soon as bid off, but will be cared for and loaded free of charge.

**Terms**—Cash; or time at 8 per cent interest. Parties not known to us must bring satisfactory reference.

Bids may be sent to the auctioneers.

Free entertainment to parties from a distance. Parties coming on the Great Northern and Omaha should come to Doon, where there will be free conveyance to the farm adjoining Rock Valley.

WALPOLE BROS. & McLEAN.

Col. Geo. P. Bellows, Col. Carey M. Jones, and Col. Richie, Auctioneers.  
S. A. Mitchell, Clerk.

**Note**—Attention is called to the Short Horn sale by Ed. Morgan, at Luverne, Minn., December 21.

**Barmpton's Best 10040**—this is a very promising red cow of the best of Scotch breeding. She is very thick and we consider her one of the very best young things in the sale.

**Imp. Barmpton Leaf**—bred by A. Cruickshank, and imported in 1888 by Luther Adams, Storm Lake, and sold by him to Hon. Pliny Nichols & Son. Was considered the best and was the highest priced yearling heifer imported from Cruickshank's herd that year. She is what he termed the Barmpton Butterfly family and no family stood higher in his estimation than this. Barmpton's Flower was the dam of the great breeding bull Barmpton (37763), that sired Earl of Aberdeen 45992, used by Pliny Nichols. Baron Victor (45944) used by Col. W. A. Harris of Linwood, Kan. Spartan Hero 77932 used by Cookson & Sons and later by Milton Jones, and several other bulls imported from 1880 to 1885, a set of bulls to which is largely due the popularity of the Cruickshank cattle today.
